SUMMARY

Recent Bachelor of Science in Information Technology graduate majoring in Multimedia Technologies with internship experience in UI/UX design, quality assurance testing, and IT support. A fast learner with strong communication, problem-solving, and teamwork skills.

EDUCATION

Bachelor of Science in Information Technology, Major in Multimedia Technologies	2023 – 2026
<i>Lyceum of the Philippines University – Batangas</i>	<i>Capitol Site, Batangas City</i>
Relevant Coursework: Python Programming Fundamentals (Data Types, Control Flow, Collections and Exception Handling), Database Management Systems, Web Development.	
Senior High School	2021 – 2023
<i>Mabini College of Batangas</i>	<i>J. Panopio St., Poblacion, Mabini, Batangas</i>
Secondary	2016 – 2021
<i>Mabini College of Batangas</i>	<i>J. Panopio St., Poblacion, Mabini, Batangas</i>
Primary	2010 - 2016
<i>Laurel Elementary School</i>	<i>Laurel, Mabini, Batangas</i>

EXPERIENCE

Unisea Manila Information Technology Corp.	Feb 2026 – June 2026
<i>IT Intern (ICT Department)</i>	<i>12th Floor iMet Bpo Building, Metrobank Ave., Metropolitan Park, Pasay City, Philippines 1300</i>
UI/UX Design & Prototyping: Assigned to the UI/UX design and prototyping of the CDP Web Application using Figma, including interface layouts, user flows, and system modules. UI/UX Improvement & Collaboration: Collaborated with developers and employees to gather feedback and improve system layouts, usability, and navigation. Quality Assurance & System Testing: Conducted functional and system testing across CDP modules, documented bugs, verified workflows, and compared the live system with approved Figma designs. Corporate Graphic Design & Branding: Created corporate materials following company branding guidelines, including standees, LinkedIn media, hiring templates, wallpapers, and organizational charts. IT Support & Client Assistance: Assisted employees and clients with IT-related concerns, troubleshooting, and technical support for software, hardware, and system issues. Hardware & Technical Support: Performed hands-on technical tasks including OS installation, computer and device setup, peripheral troubleshooting, laptop inventory management, and server room cable management.	

CERTIFICATIONS

CCNA: Switching, Routing, and Wireless Essentials

Jun 2026

Cisco Networking Academy

- Configured VLANs, routing protocols, wireless networks, and network security feature using Cisco technologies.

Foundations of Cybersecurity

Apr 2026

Google via Coursera

- Learned cybersecurity fundamentals, risk management, threat detection, and security best practices.

Devnet Associate

Dec 2025

Cisco Networking Academy

- Applied network automation concepts using APIs, Python scripting, and Cisco development tools.

CCNA: Introduction to Networks

Mar 2025

Cisco Networking Academy

- Covered basic networking, routing concepts, and Cisco configuration.

TESDA NCIII - Visual Graphic Design

Feb 2025 - Feb 2030

TESDA

- Created digital graphics, branding materials, layouts, and visual designs using Adobe Photoshop.

Java Object-Oriented Programming Certification Exam

Jan 2025

Codechum

- Applied object-oriented programming principles in Java by debugging code, fixing logical errors, and software development principles using Java.

SEMINARS

Participant, Smart Databases: Design It, Secure It, Manage It

May 2026

Lyceum of the Philippines University-Batangas via Microsoft Teams

- Explored database design, SQL concepts, database security, data management, and performance optimization

Participant, Branding: The Art of Building Identity

Apr 2026

Lyceum of the Philippines University-Batangas via Microsoft Teams

- Learned brand identity development visual communication, digital marketing, logo design, and branding strategy.

Code Smarter, Not Harder: Learn How AI and Copilot Can Revolutionize Your Coding Experience

Nov 2024

3rd Floor of SHL Building, Lyceum of the Philippines University-Batangas

- Gained insights on how Microsoft Copilot AI enhances coding efficiency and supports software development tasks.

TECHNICAL SKILLS

- **Programming & Web Development:** HTML, CSS, JavaScript, Java, Python, C++, C#
- **UI/UX & Graphic Design:** UI/UX Design, Figma, Adobe XD, Adobe Photoshop, Canva
- **Networking & IT Support:** RJ45 Ethernet Cable Crimping & Termination, Network Cabling, PC Assembly & Disassembly, Hardware Troubleshooting, OS Installation, Basic Network Troubleshooting
- **Database & Tools:** MySQL, GitHub, VS Code, Android Studio
- **Office Productivity & Collaboration:** Microsoft Word, Excel, PowerPoint, Outlook, Teams, Google Docs, Sheets, Slides

PROJECTS

Tubaland: A Laundry Management Application (Capstone Project)

2025 - 2026

UI/UX & Front-End Developer

- **Tech Stack:** Android Studio, Java, Google Maps SDK, HTML, CSS, JavaScript, MySQL, Node.js, GitHub
- **UI/UX Design:** Led the overall UI/UX design of the Tubaland mobile application and web-based admin interface, including user flows, wireframes, layouts, and visual design using Adobe XD.
- **Front-End Development:** Developed the core Android mobile application interface using Java and Android Studio, translating UI/UX designs into functional screens.
- **Feature Integration:** Integrated the Google Maps SDK to provide location tracking for laundry pickup and delivery services.
- **Database & Admin Interface:** Designed the administrative web interface using HTML/CSS and set up basic MySQL database tables for customer and transaction data.
- **Team Version Control:** Collaborated on code management, task organization, and feature tracking using GitHub and Trello.

Pack'd Up (Course Final Project)

Jan 2026

UI/UX & Front-End Developer

- **Tech Stack:** Figma, HTML, CSS, Tailwind CSS, JavaScript
- **UI/UX Design:** Sketched user flows and created high-fidelity interactive mockups in Figma to plan a clean, modern user experience.
- **Front-End Development:** Coded a responsive, multi-page e-commerce storefront for browsing streetwear and fashion brands.
- **UI Responsiveness:** Utilized Tailwind CSS to ensure a mobile-first design that adapts beautifully to phones, tablets, and desktops.
- **Interactive Elements:** Implemented core JavaScript functionalities to power interactive shopping features and navigation.
